

Employee Benefits

HYLANT HR SOLUTION CENTER

Hylant offers clients access to the Hylant HR Solutions Center, where you can find the essential tools, resources, and solutions curated for busy HR professionals and designed to make your work life easier.

Clients are encouraged to take advantage of the free HR services and support available from Hylant to streamline HR workflows, boost enterprise HR productivity, and improve employee satisfaction.

Tools and Resources

HR Navigator is an online portal offering ready-to-use, continuously updated content and resources. The easily

searchable library offers resources and solutions to support your day-to-day HR operations, including:

- Compliance
- HR policies
- Communication and engagement

HR Hotline is a consultation service designed for HR professionals and staffed by experienced and certified industry experts. The hotline is prepared to answer HR-related

questions, including benefits, compliance, performance management, employee relations, leaves of absence, and employment law concerns.

Submit your questions via the web, email or phone.

Answers are explained, provided to you in writing and include supporting resources.

Additional Hylant Resources

Hylant Well-Being Hub offers up-to-date resources to support the health and well-being of employees and maximize the organizational wellness strategy. Resources include toolkits, blogs, templates, video training, and more.

BENEFITS

Benefits Education Center provides HR leaders, employees and their families with information, assistance and guidance about health and well-being, benefits, navigating the healthcare journey and maximizing their benefits. Resources include newsletters, articles, and videos, all of which can be used for employee communications and benefits engagement initiatives.
