

Employee Benefits

MAKING THE GRADE.

EMPOWERING EDUCATIONAL INSTITUTIONS

At Hylant, we take pride in being a friendly and trusted partner to K-12 school districts across the country. With decades of experience in the education sector, we understand the unique challenges schools face, from budget constraints to staffing needs. Our team is here to support your employee benefits strategy every step of the way. Whether you're seeking standalone plans or participating in a consortium, we offer flexible solutions designed to meet your district's specific goals.

Let's collaborate to create tailored strategies that help you reach your goals and truly stand out.

For School Districts

We partner with school districts to develop tailored strategies that support their efforts in striving for the gold standard.

Consortium Development and Management

Hylant has decades of experience working with those in the education sector building out consortiums to enhance innovation, reduce costs, and leverage diverse expertise, making it a powerful approach to risk management.
